Just bring your lunch and questions about the state budget.

Please join us to learn more how the state budget affects you and your community. Governor Walker has proposed a state budget that reduces funding in education, local government and health care. What does this mean for kids and families? We will give you the information you need to contact Governor Walker, your State Senator and State Representative.

Kids and Families need to be a priority in the state budget.

Please RSVP by April 1 and direct questions to Wenona Wolf at wwolf@wccf.org
